## **Work Progress Report**

**Name:** Hirwa Mihigo Honore

**Position:** Developer

**Date:** 9th September 2025

---

## **Introduction**

This report highlights today's progress on the **ABY Invento System**, focusing on improving the **design and user interface (UI)** to make it more attractive and user-friendly.

---

## **Task Focus**

- Redesigning parts of the system to enhance UI and overall user experience.
- 

## **What Was Done**

- Updated the design of the ABY Invento interface to create a more modern and attractive look.
  - Improved layout consistency for better navigation.
  - Enhanced color schemes and visual elements for a cleaner presentation.
  - Adjusted spacing, fonts, and styles to improve readability.
  - Tested the new design to ensure it works smoothly across different sections.
- 

## **Current Status**

- New design changes have been successfully applied.
  - UI is now more attractive and user-friendly.
  - Minor refinements may still be required after user feedback.
-

### **Next Steps**

- Gather feedback from users on the new design.
  - Apply refinements based on usability testing.
  - Continue improving UI components for future modules.
- 

### **Summary**

The **design of ABY Invento** was successfully updated to provide a more attractive and user-friendly interface. These improvements enhance usability and deliver a better overall experience for end users.
